

Of course, we also started small once - that was in the mid-1970s. After many solid growth spurts, we are no longer a start-up, but with around 160 employees we are the **number one in Germany for consumer goods, hygiene products and packaging** for the hotel, restaurant, catering and retail industries.

However, the typical spirit of optimism and doer mentality is still with us today. Our doors are always open for colleagues who bring **in a breath of fresh air with goal-oriented ideas, solution-oriented creativity and independent thinking!**

You can find out more about us and what we do on our website:

www.bunzl-grosshandel.de

Sounds great to you? Then use your strengths to make BUNZL Großhandel even bigger and **become part of our team - full-time or part-time!**

As an **IT specialist in the field of e-commerce & EDI** (m/f/d), you will support us in the digitalisation of our business processes with trading partners and contribute to our joint success with vision, fresh ideas, reliability and dependable action. Our onboarding process will give you an insight into all departments at BUNZL Großhandel and make your start in the team as easy as possible.

This is what awaits you at BUNZL Großhandel in Marl...

- You coordinate the optimal implementation of new interfaces in customer projects on your own responsibility and ensure the smooth functioning of the existing interfaces.
- You answer questions from national and international customers about our webshop and find technical solutions to our customers' challenges.
- You are the contact person for questions regarding formats such as EDIFACT, X-Invoice and BMEcat.
- You generate support tickets and submit development requests to the BUNZL IT teams abroad.
- You network the BUNZL teams from different BUNZL companies and countries and communicate with diplomatic skill - both in German and English.

What you should bring with you...

- Completed studies in the IT field or comparable training, gladly with a focus on EDI, e-commerce/webshop support
- First work experience in the field of IT or internships during studies or IT training
- Strong communication skills and resilience
- Strategic thinking and independent working style as well as a strong service orientation
- Fluent German and English

This is what BUNZL Wholesale offers you...

- Permanent employment contract in a financially strong company
- Full-time or part-time? We offer the option for full-time (5-day week) flexitime, part-time (4-day week) and job sharing.
- Possibility of hybrid working
- Employer-financed old-age provision as well as individual old-age provision models
- 30 days holiday
- International career development
- Free drinks, company parking, air-conditioned offices, employee app and team events
